- GIT

#### Package Manager:

• npm

#### Tools:

- VS Code
- Figma
- Insomnia
- Postman
- Trello

# Libraries & Frameworks:

**Programming** 

languages:

C

• C++

C#

Python

Matlab

JavaScript

TypeScript

- React.js
- Redux
- SCSS
- 5050
- Sass
- Bootstrap
- Tailwind

## Operating system: Databases:

- Linux
- MongoDB
- Windows
- SOL

## .\_\_\_\_\_

#### LANGUAGES

• Persian: Mother Tongue

• English: Fluent (C1)

German: Intermediate (B1)

• French: Upper Intermediate (B2)

#### EDUCATION BACKGROUND

### **Full-stack Web Development**

DCI Digital Career Institute GmbH, Berlin

12.2022 - 12.2023

- Accomplished a one-year-full-time training in Full-stack Web and Software Development.
- Completing multiple small and one final large Full Stack practical project.
- Experience working in collaborative and agile projects
- programming skills
- Taking German lessons as part of the course in Level B1-B2

## Master of Artificial Intelligence

09.2014 - 09.2018

#### IAUH

- Specialized in AI and Robotics within Computer Engineering.
- Extensive coursework in Neural Networks, Image Processing, Fuzzy Logic, Machine Learning, and Advanced AI.
- Programming Languages: Matlab, Python.
- Theses: "Agent Based Framework in Semantic Web Content Mining."
- Strong problem-solving skills and research abilities.

## **Bachelor of Computer Engineering**

IAUH

09.2009 - 09.2014

- Introduction to Programming Languages: Include modules or courses focusing on Pascal, C, C++, and C#.
- **Database Systems**: Fundamentals of database design, SQL, and database management systems.
- Advanced Data Structures and Algorithms: Trees, graphs, hashing, advanced sorting and searching algorithms.
- computer network concepts: Networking Fundamentals, Network Protocols, Network Topologies, Network Security, Cloud Computing
- **Computer Architecture:** Fundamentals of computer organization and architecture.
- 2 months Internship

#### WORK BACKGROUND

#### **IT Technician**

Arta Rabet Afzar(ARA)

11.2018 - 12.2021
